The City Directory

is the most effective and economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The *Classified Lists* in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want, when you want it.

ALPHABETICAL DIRECTORY

ITS PRACTICAL USE IS TO GIVE

Information—as to the complete name of each person over nineteen years of age, or any person employed.

Information—as to the occupation of each person over nineteen years of age, or any person employed.

Information—as to the address of each person over nineteen years of age, or any person employed.

Information—as to the nature and activities of firms and partnerships.

Information—as to names of each member of firms and partnerships.

Information—as to the names of corporations, their nature and activity.

Information—as to the correct spelling of each and every name.

Information—as to whether a person is a "householder" (h) or "resides with" (r)

Information—as to what is the wife's name of each married man.

Information—as to what was the husband's name of each widow.

Information—as to the location of removals from city.

Information—as to the age and date of death of persons appearing in the preceding directory.

Information—as to those seeking prominence and prestige by display type.

— Finally —

Our Ideal

"It it has a name and location — it's here"

THE PRICE & LEE COMPANY

I AM

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.

I Am Your City Directory

High Hurdles. . . .

In business as well as in sports there are High Hurdles to overcome. Your ad in the Directory, where multitudes will see it, will help to overcome many of the business hurdles.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
